

SCS Featured Student Guidelines

Students come to SCS with many notable accomplishments, and you work on amazing and interesting projects while here with SCS. The School would love to shine a light on your achievements as a Featured Student on our website.

Please submit a brief biography (no longer than 250 words) to be published on the SCS website as a Featured Student. E-mail your brief biography to Amye Lee, Assistant Director of Student Affairs, at aml246@georgetown.edu.

Please note that submitting a brief biography does not guarantee that you will be featured, and that it may be changed to match editorial guidelines. To increase the chances of your submission being featured, please follow the template below. SCS maintains ownership of any submission for use in future web and print publications.
